Profile Summary

Results-driven full-stack developer with 3000+ coding hours and 6-month internship experience. Expertise in MERN stack (JavaScript, Node.js, React), RESTful APIs, and scalable software solutions. Skilled in Generative AI, adaptable, and committed to delivering high-quality software products.

Education

Rashtrasant Tukadoji Maharaj Nagpur University   *Jun 2023 – May 2026*
BSc in Computer Science

- GPA: 8.2/10
- **Coursework:** Computer Architecture, Comparison of Learning Algorithms, Computational Theory

Technologies

Languages: JavaScript, Python, SQL, HTML, CSS

Technologies: Next.js, React.js, Redux, Node.js, Express.js, MongoDB, Tailwind CSS, GitHub

Experience

Software Developer Intern   *Dec 2024 – May 2025*
ApplyT

- Built and maintained full-stack web applications using Next.js, React, Node.js, Express.js, and MongoDB to deliver responsive and scalable solutions.
- Implemented clean, component-based UIs with Tailwind CSS and managed global state using Redux, ensuring efficient user interactions.
- Collaborated on GitHub for version control and agile workflows; translated UI designs from Figma into pixel-perfect interfaces.

Projects

Swapnil Care   *GitHub* ⬀
Live Demo ⬀

- Modular UIs built with Tailwind CSS and optimized state flow using Redux for a smooth user experience.
- Designed a modern UI/UX with support for light/dark mode using Tailwind CSS and Framer Motion.
- Tools used: Next.js, Typescript, Tailwind, Firebase, AI Tools.
- Contributed to creating a responsive platform with search, filters, pagination, and Firebase integration for seamless user interactions.
- Tools used: Next.js, Typescript, Tailwind, Firebase, AI Tools.

Meesho Clone   *GitHub* ⬀
Live Demo ⬀

- Led a collaborative development team, incorporating peer feedback and applying best practices to enhance features and usability.
- Oversaw agile project management, ensuring timely delivery, maintaining version control with Git, and adapting to evolving requirements.
- Tools Used: Javascript, React-Redux, Tailwind Css, Chakra-UI, Material-UI
